

Compliance Spectrum offers the broadest array of regulatory content in the industry

Content available for immediate use with Spectra

Austin, TX (PRWEB) - Nov 14, 2007—Compliance Spectrum, a leading provider of governance, risk and compliance (GRC) solutions, today announced the availability of an extensive library of regulatory content for federal, state and international mandates. Spectra content is developed and maintained by subject matter experts and vetted by legal experts. The content library is represents the broadest array of regulatory content in the industry.

Compliance Spectrum has agreements with the IT Governance Institute, ANSI (American National Standards Institute), the SOX Institute, Network Frontiers and other organizations who provide vetted regulatory content. Compliance Spectrum provides the broadest range of regulatory content/frameworks and industry standards available in the compliance filed.

Regulatory content is provided in the following categories.

SEC Securities Regulations and Sarbanes Oxley (SOX)	International Standards Organization (ISO 27001/27002)
Healthcare and Life Science (HIPAA)	IT Information Library (ITIL)
Energy (NERC)	System Configuration (CI Security Benchmarks, CMMI)
U.S. Federal Security (FISMA, FIPS)	U.S. Federal Privacy
Banking and Finance (MiFID, Basel II, FFIEC)	U.S. State Privacy
Payment Card (PCI DSS)	EU Guidance including EUROSOX
NASD NYSE	UK and Canadian Guidance
U.S. Internal Revenue	Other European and African Guidance
Records Management	Asia and Pacific Rim Guidance
NIST Publications	Latin American Guidance
Auditing Standards (CoBIT)	FSA requirements

Content can be downloaded into Spectra to support the management of specific regulatory mandates. The Spectra Import/Export function enables seamless import of content from Microsoft Excel spreadsheets and export of compliance maps and related compliance data to Excel for distribution and printing.

Available content can be viewed at www.compliancespectrum.com/regulatory_content.shtml.

Compliance Spectrum maintains the currency of the content in concert with its partners and provides updates to content as they become available. Content is licensed by Compliance Spectrum for use with Spectra. Pricing and availability can be obtained by contacting sales at Compliance Spectrum at 1-866-206-5602 or sales@compliancespectrum.com.

Spectra is a complete IT compliance lifecycle management solution that reduces the complexity and lowers the risk of non-compliance of regulatory mandates through best practice workflow automation. Spectra provides CSOs, CFOs, CCOs, CIOs -- and their teams -- a framework to continuously monitor, measure and report on compliance status.

About Compliance Spectrum

Compliance Spectrum offers commercial IT governance, risk and compliance software solutions that empower highly regulated and complex organizations to address the complete lifecycle of compliance. Compliance Spectrum's flagship product, Spectra, provides an automation framework that streamlines the compliance process, lowering the cost of compliance while reducing the business risk of non-compliance. Compliance Spectrum has won numerous industry awards for its first generation product, Command Center. The company is headquartered in Austin Texas with offices in Houston, San Diego, Fairfax Va., and London England. For more information, visit www.compliancespectrum.com.
